

Product safety recall

Portable Gas Barbecue

Pit & Seat

Barbecue pit with steel body, central burner and decorative stones for use with LPG.

Reason the product is recalled

Barbecue pit with steel body, central burner and decorative stones for use with LPG.

The hazards to consumers

Risk of serious burn injury if the consumer is exposed to the large flame or if the product is used improperly due to poor visibility of the warning labels.

What consumers should do

1. Stop using the product immediately and disconnect it from the LPG gas cylinder.
2. Contact Pit & Seat to arrange a pre-paid courier pickup to return the product for a full refund or a replacement barbecue once certified. The updated re-certified model is expected to be available in early January 2026.
